WORK EXPERIENCE

IT Business Consultant Intermediate

Kaiser Permanente   July 2015 - Present | Pleasanton, CA

- Successfully co-led the Analytics Portfolio Management track within Regional IT Operations (RITO) Analytics. Maintained a repository of analytic related initiatives across all Kaiser regions in order to effectively reduce variation and redundancy, while promoting awareness and the use of Kaiser standards
- Effectively analyzed and rationalized the initiative data obtained from the regions and found multiple synergistic opportunities
- Regularly updated and maintained multiple sharepoint sites under RITO Analytics
- Maintained a MS Project Plan for the RITO Analytics track
- Generated monthly executive level reports based on our track's goals and accomplishments

IT Business Operations Analyst

Kaiser Permanente   Sept. 2014 - July 2015 | Pleasanton, CA

- Assisted the RITO Analytics Collaborative Council (ACC) group with weekly status reports to the PVO
- Assisted the NCAL BIO IT Governance Support team with various reports including the 2014 End of Year Report to the Regional Approval Council and other Executives. Managed a monthly NCAL Business Management Office self-reported goals report of the many projects tracked by our governance team
- Traveled to various Kaiser Permanente Service Areas to interview Managers within the Service and Delivery group to produce a report for the RAC and other Executives

IT Design Review Intern

Kaiser Permanente   Feb. 2014 – Sept. 2014 | Pleasanton, CA

- Assisted the Infrastructure Management Group – Service, Delivery, and Integration Team in ensuring that all incoming projects were successfully processed, assigned, and completed by a specified deadline
- Managed Remedy Database Queue by processing all incoming projects and assigning them to design review consultants
- Worked as a part of the Infrastructure Management Group in Design Review to analyze and approve server designs, applications, and deployment

Operations Intern

Op-test   Feb. 2013 – April 2013 | Redding, CA

- Assisted operations manager with the logistics of moving all company operations to a new facility
- Maintained the ability to organize and prioritize workload with various teams throughout the organization to meet deadlines

Teacher's Assistant

Simpson University   Sept. 2012 – April 2013 | Redding, CA

- Maintained strong written and oral communication skills
- Successfully met deadlines while maintaining confidentiality of other students' grades
